GOODS ARE IN SAFE HANDS WITH US

We provide for handling at the terminal and ensure perfect coordination between forwarder, hauliers, operators, shipping lines and railway undertakings. Modern technologies and qualified personnel guarantee quick and safe handling. Our core businesses in Unaccompanied Combined Transport (UCT) are the handling of containers, swap bodies and semi-trailers, as well as further logistic services. At our terminals for the Rolling Highway (ROLA), we organise the loading and unloading of trains.
